

Fordson

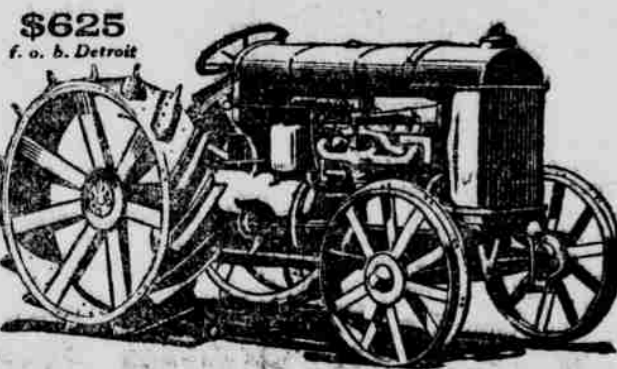

Put it to any Power Task

While the Fordson Tractor has power in plenty to drag plows and harrows through the heaviest soil, it is light enough, small enough and so easily controlled that it can handily be put to many tasks about the farm, that will save you time, money and work.

In fact the Fordson will do every power job, both draw-bar and belt, more quickly and at less cost than it can be done with any other form of power. So every month the whole year 'round the always dependable Fordson will prove itself a paying investment, because of its capabilities, its economy and efficiency.

We will gladly explain and demonstrate to you the many Fordson money-making, time-saving features. Call, write or phone.

HAD SUFFERED FOR FIVE LONG YEARS

Vermont Woman Gets Rid Of Troubles And Says She Is Enjoying Health.

"It certainly is a delight to have my health back, nobody knows how I suffered for five years," said Mrs. Mary R. Thomas, Jeffersonville, Vt., in relating her remarkable experience with Tanla C. "For five or six years I had a stomach trouble in the very worst form and nothing I ate seemed to do me any good. I not only suffered agonies after every meal but I lost steadily in weight, and finally became so weak I could hardly drag myself around. I had awful spells of rheumatism at times and hurt all over, but especially in my head. "I don't hesitate to say that Tanla C. the greatest medicine in the world. I am not only rid of all my troubles but I just feel fine all the time. It certainly is a blessing to be in the perfect health I am in now, and I must give the credit to Tanla C. and nothing else. There's no doubt about it; it's a wonderful medicine.—Advertisement.

It's Human To Postpone

Perhaps it is natural that men should put off making a Will. Human nature dislikes to consider the possibility of death.

Nevertheless, it seems unnatural that men who are otherwise good husbands and fond fathers should postpone the drawing of a Will which may mean so much to those they would protect.

Our trust department will be glad to discuss the matter of properly protecting your family against the unforeseen.
